Skydiving will give you a new perspective on Rayong and a unique thrill. **Dropzone Thailand**, the largest and best skydiving facility in South East Asia, has received the safety standards for hygiene (SHA) from the Tourism Authority of Thailand

Dropzone offers intensive training and skydiving services for tourists who are seeking out a new challenge. We will take you to a height of 13,000 feet (approx. 400 meters) above the ground by plane where you will leap out into the great blue.

The planes and parachuting equipment are thoroughly maintained and kept in top condition at all times and the team of instructors and ground staff are highly experienced and totally professional, ensuring you will have a safe and exhilarating experience.

Feel as if you are flying as you get an incredible bird's eye view of Rayong from 13,000 feet above the ground, while you enjoy a safe dive in accordance with USPA standards. Divers will receive a certificate after the session and photographic services from professional photographers can also be provided on request.
