

The  
**14<sup>th</sup>** *Thailand*  
TOURISM AWARDS 2023

# Background

The Tourism Authority of Thailand (TAT) organized the 14th Thailand Tourism Awards in 2023 to honor outstanding Thai tourism enterprises for their excellence in tourism and hospitality operations. The awards recognize achievements in safe, sustainable, and responsible tourism, aligning with Thailand's commitment to high-value and sustainable tourism.

TAT has been organizing the biennial Thailand Tourism Awards since 1996, and it is now globally recognized as a prestigious accolade in the Thai tourism sector. The current edition marks the 14th installment of this esteemed award.

## Kinnari

Kinnari is a renowned mythical creature in Thai literature, symbolizing beauty and purity. The creature depicted holding a lotus flower, representing purity and elegance, and accompanied by a pigeon, symbolizing peace and fraternity. These symbolic elements reflect the tourism industry's commitment to serving society and the environment.

Designed by Distinguished Scholar Nontiwat Chantanapalin, a National Artist.

# THAILAND TOURISM SILVER AWARDS

# Category: Attraction

Branch: Outdoor & Adventure Activities

## BANANA BEACH, PHUKET

Banana Beach, Koh Hey, is situated in the southern part of Phuket province, around 9 kilometers from the Phuket mainland. Travelers can access Banana Beach through various types of boats, such as long-tail boats, speedboats, sailing boats, and yachts. The journey typically lasts between 15–45 minutes, depending on the type of boat. The close proximity to the coastline ensures a relatively quick, convenient, and safe travel experience. Banana Beach offers a diverse array of activities for relaxation and new experiences, including parasailing, snorkeling, diving, banana boat rides, clear kayak excursions, and swings, among other options.

## FLYING HANUMAN, PHUKET

Flying Hanuman offers an adventurous activity using a zipline to connect various platforms. The concept stems from the desire to provide Phuket with a tourism experience beyond typical seaside attractions, emphasizing adventure and nature conservation, termed "Eco-Zipline Adventure." Participants experience thrill while indulging in the beauty, tree-top views, and surrounding landscapes. Flying Hanuman is an exhilarating and challenging activity set amidst tree heights, involving ziplining through lush rainforest, showcasing local fruits like durian, champedak, jackfruit, longkong, and more. Spanning approximately 19.7 acres, it features a maximum of 42 strategically placed activity platforms.

## SIRINDHORN DENTAL MUSEUM, FACULTY OF DENTISTRY, MAHIDOL UNIVERSITY, BANGKOK

The 'Sirindhorn Dental Museum' stands as Asia's inaugural interactive dental science museum, strategically crafted to foster engagement through interactive systems. The core concept is to transform learning into an enjoyable and playful endeavor, facilitating knowledge acquisition. Inviting visitors on a journey into the past, the museum narrates the rich history of dentistry in Thailand, China, India, and Europe. Marvel at early dental clinics and partake in the amusement of rescuing Phee Fun Yak, the giant teeth demonstration model, from the clutches of Plaque—a substance containing bacteria that forms on teeth surfaces. Moreover, the museum intricately unfolds the narrative of the establishment of the Faculty of Dentistry at Mahidol University through a variety of engaging activities.

## THE TREASURY MUSEUM, KHON KAEN, KHON KAEN

The Treasury Museum in Khon Kaen province serves as an economic history learning center for the northeastern region of Thailand. It features exhibitions on numismatics, coins, and rare valuable local currencies from the northeastern region. Designed to be modern and inclusive, the museum is dedicated to preserving the architectural value of its building, reflecting both historical and contemporary aspects. Constructed in a modern architectural style, the museum symbolizes the significance of Khon Kaen as the economic hub of the northeastern region. The allocated spaces encompass areas for recreational activities and learning, catering to various community events and activities for the residents of Khon Kaen.

## ARUN FARM VILLAGE, CHONBURI

Arun Farm Village offers an immersive agricultural tourism and learning experience with five distinct stations:

1. Agricultural Technology Station: Focused on reducing chemical usage.
2. Environmental Station: Highlights activities for producing bio-products and utilizing soldier flies and earthworms for organic waste decomposition.
3. Micro Green Nursery Station: Dedicated to organic plant cultivation.
4. Mushroom Station: Offers CSR activities for creating mushroom spawn growing kits.
5. Animal Husbandry Station: Provides DIY activities related to environmental and community lifestyle.

Visitors can select from over 20 activities, such as ECO-Print, indigo dyeing, terrarium making, fabric bag leaf printing, salted egg preparation, roasting Khao Lam (sticky rice in bamboo), growing sunflower microgreens in hanging containers, harvesting vegetables, cooking Thai coconut pancakes, crafting aromatic herb sachets, and cycling.

## ELEPHANT POOPOOPAPER PARK, CHIANG MAI

Elephant POOPOOPAPER Park is an ecotourism destination located in Mae Rim district. Embracing an environmentally friendly approach, the lush park has dedicated over 1.58 acres to showcase and demonstrate its unique processes. This immersive experience takes visitors on a journey to learn and actively participate in every step of crafting paper from elephant dung, as well as from the dung of horses, cows, and other natural materials. Rooted in ancient wisdom passed down through generations, travelers will appreciate an engaging historical and cultural narrative presented through intricately crafted handcrafts, resulting in impressive souvenirs that capture the authentic essence of Chiang Mai.

## UMBRELLA MAKING CENTRE, CHIANG MAI

For over 45 years, the Umbrella Making Centre has upheld the traditional craft of producing handmade umbrellas, famously known as the “Bo Sang Umbrella.” Skilled artisans from eight villages in San Kamphaeng and Doi Saket districts of Chiang Mai province contribute to this enduring legacy. The initiative is dedicated to preserving Thai cultural heritage, enhancing community life, and sustaining local resources. Recognized for its commitment to quality and standards, the center proudly holds the geographical indication (GI) mark “Bo Sang Umbrella,” bestowed by the Department of Intellectual Property. Additionally, the umbrella-making process at the center has received official acknowledgment as part of the cultural network by the Chiang Mai Provincial Cultural Office. The center invites individuals to explore and learn about umbrella making, free of charge.

## JINNALUCK MULBERRY SAA PAPER, CHIANG RAI

Jinnaluck Mulberry Saa Paper is a tourist destination dedicated to learning. Visitors can follow the royal visit of HRH Princess Maha Chakri Sirindhorn and marvel at the underwater paintings, designated by the Tourism Authority of Thailand as one of the top 10 must-see attractions in Chiang Rai. The activity at Jinnaluck Mulberry Saa Paper involves crafting paper with flowers and grass leaves through a process that prioritizes the preservation of nature and the environment. The Sa paper bag-making activity utilizes recycled materials, aligning with the concepts of 5Re and the BCG Model for sustainability.

## RAI RUEN ROM ORGANIC FARM, CHIANG RAI

Nestled within a lush forest, Rai Ruen Rom Organic Farm spans over 79 acres, offering a tranquil haven for travelers seeking rejuvenation amidst nature's serenity. The farm promotes harmony with nature through its "Eat-Farm-Experience-Stay" concept, allowing visitors to recharge in eco-friendly cottages powered by 100% clean energy, indulge in organic food, partake in agricultural tourism, and explore farm product processing using solar energy. Immersing oneself in the Organic Lifestyle reflects the farm owner's commitment to fostering understanding and coexistence with nature across urban and local communities. The farm aims to stimulate community interest in organic agriculture, serving as a bridge between the community and private sectors in planning production, marketing, and enhancing overall quality of life for everyone involved.

## BAN NAM CHIAOW COMMUNITY TOURISM ENTERPRISE, TRAT

The Ban Nam Chiaow Community Tourism Enterprise celebrates two religions and three cultural traditions. With a focus on fostering exchanges between locals and visitors, community members provide services to travelers interested in exploring and participating in learning activities. Rooted in local wisdom, these activities range from crafting Ngop (traditional conical palm leaf hats) to making local desserts and engaging in conservation efforts in mangrove forests and marine resources. Additionally, the community has established a marine animal bank to serve as a learning center for aquatic animals and their breeding grounds. Tourism serves as a conduit for passing on local wisdom, and the community ensures positive traveler experiences by offering local food services and homestays.

## MATCHANULAND @ THE SALAYA LEISURE PARK, NAKHON PATHOM

Matchanuland @ The Salaya Leisure Park is a themed park that offers stunning experiences through its four Educational Themed Zones: Thaizone, Adventure Island, Blue Ocean, and Café Forest. It seamlessly connects families to the community and the lush greenery along the Mahasawat Canal. Guests can indulge in activities guided by the C-R-A-F-T concept (Consume, Route, Activities, Frolic, and Treat), embodying the "Live & Learn" philosophy for individuals of all ages. The Leisure Organizers (LO) ensure an entertaining journey through each zone.

## PB VALLEY KHAO YAI, NAKHON RAT-CHASIMA

PB Valley Khao Yai, the birthplace of the first wine in Khao Yai, is a sought-after destination for Thai and international visitors. As a comprehensive learning center, it covers grape cultivation to wine production, offering an inspiring experience for young minds through tourism. Additionally, PB Valley collaborates with partner organizations in researching and developing plant species, including cultivating special jasmine rice varieties from Kasetsart University using 100% organic agriculture methods. This initiative aligns with the goal of developing varieties suitable for the country's conditions. The careful selection of these varieties primarily serves the objectives of selling produce to visitors and utilizing them as staff welfare meals. This strategic management approach aims to reduce transportation carbon footprint, and increase employment opportunities within the community.

## SAPTAI STEM CAMP KHAO YAI, NAKHON RATCHASIMA

Situated adjacent to the border of Khao Yai National Park, Saptai STEM Camp Khao Yai stands on reforested land. The serene atmosphere and lush landscape make it suitable for both short and long-term stays, far from pollution. Shielded from flash floods and landslides, the camp owes its safety to the reforested trees that absorb water and stabilize the soil. Offering accommodations and meals, the camp caters to school groups with tailored activities focused on providing unique knowledge and experiences not typically found in classrooms. Participants engage in hands-on activities, utilizing the natural surroundings as a learning environment. The curriculum integrates various subjects, including science, technology, engineering, and mathematics (STEM), aligning with the Institute for the Promotion of Teaching Science and Technology (IPST) curriculum.

## KHORAT FOSSIL MUSEUM, NAKHON RATCHASIMA

The Northeastern Research Institute of Petrified Wood and Mineral Resources (In Honour of His Majesty the King) proudly offers tourism and educational services through the Khorat Fossil Museum. The museum showcases petrified wood, fossilized elephant skeletons, and dinosaurs. Its objectives include conducting surveys, collecting, and conserving petrified wood and mineral resources in the Northeast region. Additionally, research is carried out to generate new knowledge, disseminate research findings, and provide academic services in the fields of paleontology, geology, geography, and natural sciences. The museum serves as a learning hub for local and international youth and the general public, guided by the philosophy of "Learning the Past, Understanding the Present, and Imagining the Future."

## EGAT LEARNING CENTER, LAM TAKONG, NAKHON RATCHASIMA

EGAT Learning Center, Lam Takong, distinguishes itself through its innovative approach to presenting educational content. The center excels in creating engaging learning experiences, placing visitors at the core of its educational approach. This ensures a hands-on and enjoyable learning experience, incorporating tasks, competitions, visual and auditory stimuli, movement, and tactile interactions through the displayed exhibition media. Furthermore, the center emphasizes the use of renewable energy sources, particularly wind energy, for electricity production. It integrates pioneering electricity production methods, such as the Wind Hydrogen Hybrid system, making it the first center in Southeast Asia to employ such cutting-edge technology.

## COCOA VALLEY GROUP CO.,LTD., NAN

Cocoa Valley, located in the Pua district of Nan province, serves as a comprehensive learning center for cocoa production. Engaging in organic cultivation and processing of Thai cocoa products, Cocoa Valley offers accommodation, a café, and tourism services to provide knowledge and new experiences related to cocoa through community engagement. The center fosters various activities, such as cocoa husk separation with local residents, and spearheads creative initiatives like handwoven cocoa textiles, cocoa tie-dyeing, crafting aroma candles in cocoa pods, and producing cocoa lip balm. These activities integrate community-based tourism with local wisdom while preserving and revitalizing sustainable tourism. Cocoa Valley hosted its inaugural "Cocoa Festival 2003: Miracle of Thai Cocoa," showcasing the wonders of Thai cocoa and the craftsmanship of local people.

## PLAY LA PLOEN BOUTIQUE RESORT, BURIRAM

Play La Ploen, located in the Ku Mueang district of Buriram province, is a hub for experiential learning beyond the classroom. Covering over 158 acres, this educational tourism destination began operations in January 2013 under the concept of “Enjoyable Travel, Fun Learning,” with a focus on young minds. The resort is committed to promoting learning and skills development, enriching knowledge in history, arts, and culture. It also offers thrilling and safe adventure activities to foster teamwork, leadership, and innovative thinking. Providing comprehensive tourism services for families and organizations interested in hosting meetings and seminars, the resort offers modern meeting rooms and accommodations for complete convenience. Additionally, it features a variety of activities and learning stations covering various aspects of life.

## ABHAIBHUBEJHR, PRACHIN BURI

The Chao Phraya Abhaibhubejhr Hospital stands as a prominent cultural and wellness destination in Prachin Buri province. Recognized for its leadership in traditional Thai medicine and herbal practices, Abhaibhubejhr seamlessly integrates healthcare with tourism. By combining herbal products with services, the hospital transforms into a holistic health and wellness destination. Through various learning activities such as training sessions and educational programs, the hospital fosters a space for authentic health experiences. Visitors can explore points of interest, purchase products, and access services tailored for tourists. At the heart of Abhaibhubejhr's tourism concept lies "Abhaibhubejhr Thong Thiew Plearn" (Play + Learn = Plearn, meaning pleasure in Thai), emphasizing joyful travel experiences intertwined with learning opportunities. This approach ensures that everyone gains insights through real-life experiences.

## THE ROYAL SEA FARMING AND AQUACULTURE DEMONSTRATION PROJECT UNDER THE INITIATIVES OF HER MAJESTY QUEEN SIRIKIT, PHETCHABURI

The Royal Sea Farming and Aquaculture Demonstration Project, under the Initiatives of Her Majesty Queen Sirikit, aims to develop fisheries and aquaculture while creating employment opportunities for local communities in the area. As a Zero-Waste Farm, the model sea farm incorporates integrated management practices, including natural food mechanisms and continuous water circulation, operating within and between individual farms at different salinity levels. This ensures efficient management of natural food sources and maintenance of optimal water conditions for the health and growth of aquatic organisms. Additionally, it serves as a learning center for training, study visits, and experience exchange for farmers.

## SUANPECH ORGANIC ISLAND, PHETCHABURI

Suanpech Organic Island exemplifies the Community Lab Model Quality of Life (CLM), depicting the happiness derived from family farming. This model extends to the establishment of the Khok Nong Na Model, spanning over 7.9 acres on an island in the middle of the Phetchaburi River. It emphasizes environmental ecosystems such as soil, water, air, and sunlight, as well as the food chain from upstream, midstream to downstream. Through community participation, youth involvement, and career enhancement initiatives, the community aims to generate income and foster growth. By applying the 9 Principles of Sustainability Planning, they strive for self-reliance and aim to reduce household expenses.

## THE SIRINDHORN INTERNATIONAL ENVIRONMENTAL PARK, PHETCHABURI

The Sirindhorn International Environmental Park is an energy center for the environment, promoting learning about energy and environmental conservation through inspiring exhibitions. These exhibitions include the Exhibition in Honor of His Majesty the King and the Energy for the Environment exhibition, showcasing the role of energy in daily life. The Green Energy Park demonstrates the use of natural energy sources and environmental energy technology for communities. The lush Princess Mangrove Plantation, with rich biodiversity, stems from the princess's interest in restoring mangrove forest ecosystems. This restoration effort involved digging up sand patches to allow seawater to naturally inundate, nurturing tree growth until they returned to thriving mangrove forests. Additionally, the park hosts training camps focusing on energy conservation and environmental preservation.

## AQUARIA PHUKET, PHUKET

Aquaria Phuket boasts over 51,000 aquatic animals from more than 300 species, all under the concept of 'An Ocean of Myth and Legend'. Visitors can encounter rare freshwater fish species and observe the playful antics of small-clawed otters. Through partnerships with the Marine and Coastal Resources Research Center, which actively monitors the growth of sea turtles, visitors can marvel at both loggerhead and green sea turtles. They can also interact closely with Humboldt penguins and create lasting memories with various friendly stingray species. The aquarium showcases a variety of shark species and hosts feeding shows featuring sand tiger sharks, leopard sharks, and nurse sharks. Enchanting mermaid shows take place on Fridays, Saturdays, and Sundays, while engaging interactive digital and video activities are available across all zones.

## MUSEUM PHUKET, PHUKET

Museum Phuket, also known as Phuketnagara Peranakanitat, serves as a creative learning space for both Phuket residents and travelers. Through the utilization of technology and interactive activities, it acts as a gateway for exploring and understanding Phuket City (Phuketnagara). The museum presents the history of Phuket's establishment across four development periods: forest, mine, city, and tourism. It emphasizes the significance of tin in city development, as it has attracted individuals from diverse backgrounds, languages, and nationalities to participate in the pursuit of wealth together. Peranakanitat delves into the lifestyle and culture of the Peranakan people in Phuket, providing insights into their origins and way of life.

## ROI ET SCIENCE AND CULTURAL CENTRE FOR EDUCATION, ROI ET

The Roi Et Science And Cultural Centre For Education, overseen by the Department of Learning Encouragement of the Ministry of Education, is a focal point for science and cultural education. It offers various learning activities rooted in scientific methods, fostering connections between traditions, beliefs, and scientific knowledge. The center is dedicated to supporting science and cultural education for all ages. Featuring distinctive architecture inspired by Isan culture, the planetarium building mirrors the design of the Huad, an Isan bamboo rice steamer, while the main exhibition hall draws inspiration from the gable patterns of Isan temples and cart hoods. Additionally, the conference hall resembles

traditional bamboo rice containers, and the Sky Rocket Tower pays homage to the Isan sky rockets.

## THAN BOK KHORANI NATIONAL PARK, KRABI

Than Bok Khorani National Park unveils its captivating natural pond, where water gracefully descends from the Bok Khorani waterfall, weaving through rocky crevices and tree roots, forming gentle cascades. This serene haven is ideal for both relaxation and outdoor swimming. The park offers nature trails, including the remarkable 'Big-Headed Ghost Cave' and 'Hua Kaloak Cave.' Nestled within mountains and surrounded by lush mangroves, these caves provide spacious, well-ventilated interiors with natural light filtering from various directions. Inside, stalactites and stalagmites intersect, creating characteristic stone columns. Moreover, the caves showcase ancient paintings dating back 2,000-3,000 years, boasting over 200 images that adorn the cave walls. The most noteworthy painting depicts figures adorned in long robes with distinctive horizontal stripes.

## KHUEAN SRINAGARINDRA NATIONAL PARK, KANCHANABURI

Huai Mae Khamin Waterfall stands as one of Thailand's most enchanting natural wonders. Carved by the flowing waters of the Mae Khamin River through limestone mountains, it reveals a mesmerizing sequence of seven cascading tiers, each exuding its distinct allure:

Tier 1: Dong Wan

Tier 2: Man Khamin

Tier 3: Wang Na Pha

Tier 4: Chat Kaeo

Tier 5: Lai Chon Long

Tier 6: Dong Phee Seua

Tier 7: Rom Klao

The path stretches for 2,270 meters, inviting travelers to enjoy outdoor activities like swimming, tent camping, and taking in the breathtaking views of the Sri Nakharin Dam reservoir.

## MAE WONG NATIONAL PARK, KAMPHAENG PHET

Nestled in Mae Wong National Park, Chong Yen is a popular spot known for its pleasant weather and birdwatching. Just 28 kilometers from the park's HQ, Chong Yen sits at 1,340 meters above sea level. Its name comes from the unique valley between Khun Nam Yen and Khun Khao Bon on the Thanon Thongchai Mountain Range, creating a wind channel that keeps the area moist. With an average temperature below 20 degrees Celsius, Chong Yen attracts photographers and birdwatchers, especially from late July to mid-August. This period offers a chance to see the rare Rufous-necked Hornbill, symbolizing untouched hill evergreen forests. These birds, nearing extinction, are only found in these diverse mountainous landscapes. Chong Yen, a prime birdwatching spot, offers a 360-degree panoramic view for nature lovers.

## KHLONG LAN NATIONAL PARK, KAMPHAENG PHET

Khlong Lan National Park in Kamphaeng Phet province boasts a grand waterfall cascading down a broad cliff, standing at around 100 meters tall and stretching 40 meters wide. During the rainy season, it conjures a captivating mist, with a pool at its base inviting visitors to partake in outdoor swimming. Above the waterfall lies a sprawling plateau, ensuring its appeal throughout the year. However, the most striking view unfolds during the late rainy season to early winter when the water flow reaches its zenith. Activities include swimming, photographing the waterfall framed by crocodile-shaped rocks, and riverside camping. Conservation initiatives promote local waste management, urging visitors to preserve natural resources.

## DOI-LUANG NATIONAL PARK, PU-KAENG WATERFALL, CHIANG RAI

Pu Kaeng Waterfall, located in the Mae Yen sub-district, Phan district, Chiang Rai province, is a medium-sized waterfall with year-round water flow. Formed by the deposition of limestone rocks carried by the water, the waterfall boasts a total of 9 tiers, spaced approximately 100 meters apart along the 1-kilometer walking trail. Each tier features a crystal-clear pool, making it ideal for outdoor swimming. The surrounding area includes numerous small caves and a 1.5-kilometer eco-tourism trail. The three camping sites, allowing outdoor cooking at two, accommodate around 1,935 visitors. It offers a range of recreational and conservation activities, including swimming, relaxation, camping, walking on nature trails, bird watching, tree planting, garbage collecting, and youth camp conservation activities.

## NAMTOK PHA CHAROEN NATIONAL PARK, TAK

Nestled within the embrace of nature's beauty, Pha Charoen Waterfall, a limestone marvel, reveals its captivating allure through 97 tiers, harmonizing with the lush backdrop. Annually, from July to September, the landscape transforms with the vibrant bloom of orange Siam Tulip flowers, a spectacle unique to Thailand. The name "Pha Charoen" harks back to a historical era of government communism suppression, driving students and intellectuals to seek refuge in the forest. The challenging terrain, with its intricate mountainous landscapes, offered sanctuary, shielding them from detection. Discovered by "Sahai Pha" (Comrade Pha), the waterfall became a haven for residents from diverse regions, evolving into a resilient community. This transformation bestowed the name "Pha Charoen" upon the waterfall, encapsulating its significance in natural beauty and historical refuge.

## DOI SOI MALAI MAIKLAYPENHIN NATIONAL PARK, TAK

The Petrified Wood site in Doi Soi Malai National Park is globally renowned for its unique geological wonders. This rare paleontological site showcases fossilized wood approximately 120,000 years old. This is an unusual find in Thailand. The wood holds the Guinness World Record for being the longest at 69.7 meters, with a diameter of 1.8 meters. It was officially certified on July 8, 2022. Open to tourists, students, and researchers, the site invites exploration of seven tree trunks. Additionally, numerous scattered petrified wood fossils have been unearthed in the vicinity.

## TAKSIN MAHARAT NATIONAL PARK, TAK

One of Thailand's most significant landmarks and natural beauties within Taksin Maharat National Park is the "Giant Mersawa Tree." This ancient tree is considered the oldest of its kind in the country, with an age exceeding 700 years. The Mersawa Tree boasts impressive dimensions and majestic crown, with a trunk circumference of approximately 16.60 meters and a height of 60 meters. Visitors marvel at its grandeur, making it a must-see attraction. Accessible via a path of about 400 meters, the uphill terrain adds excitement to the journey. Travelers are advised to be physically prepared for the exploration of the scenic route of the Giant Mersawa Tree. Taksin Maharat National Park offers breathtaking natural beauty.

## DOI PHU KHA NATIONAL PARK, NAN

Doi Phu Kha National Park, established on June 17, 1999, marks the 94th national park in Thailand. Spanning an expansive 1,704 square kilometers (1,065,000 rai), it ranks as the fourth-largest national park in the country. Nestled at the northernmost tip of the Himalayan mountain range, the park showcases rich biodiversity and high-altitude ecosystems. Renowned for its unique flora, rare plant species, and diverse endangered wildlife, the park's breathtaking landscape adds to its allure. It offers accommodation, camping areas, viewpoints, and facilities like stargazing spots, the 1715 Viewpoint, the Phu 1700 Trail (part of the Hiking and Camping Course), Tat Luang Waterfall, Doi Phu Wae Long-distance Nature Study Trail, Khun Nam Pua Waterfall, and Den Chang Non Camping Site. The park emphasizes income generation and community involvement in environmental conservation.

## NAMTOK HUAI YANG NATIONAL PARK, PRACHUAP KHIRI KHAN

Namtok Huai Yang National Park, located in Prachuap Khiri Khan province, is a haven of captivating waterfalls, each possessing a unique charm across its five levels. The first level features a pond full of Mahseer barb fish, while the second showcases a stream flowing down 5-meter-high rock formations. At the third level, a spacious pond awaits for outdoor swimming and relaxation. The fourth level unveils a large rock terrace offering panoramic views of the lush forest. At the fifth level, visitors witness a stunning 15-meter waterfall cascading from a high rocky corner. Additionally, the park provides scenic viewpoints for observing the coastline, sunrise, villages along Huai Yang Bay. Visitors can also explore a long forest trail leading to the summit of Luang Prachuap Khiri Khan mountain.

## HAT WANAKORN NATIONAL PARK, PRACHUAP KHIRI KHAN

Hat Wanakorn National Park stands out as an ecologically and genetically significant haven, providing habitats for both terrestrial and marine animals. Its unique attributes make it an ideal locale for the in-depth study of environmental systems, encompassing terrestrial ecosystems along nature trails and marine ecosystems around the reefs neighboring the islands of Ko Chan and Ko Thai Si. The park boasts rich tourism resources, showcasing the renowned Wanakorn Beach, a coastal gem in Prachuap Khiri Khan province, celebrated for its pristine sandy shores. The extensive, unspoiled beach stretches along the coastline for approximately 7 kilometers, with headlands alternating with beaches intermittently. The atmosphere exudes tranquility, offering visitors a serene experience and a breathtaking view of Ko Chan and Ko Thai Si against the expansive backdrop of the open sea.

## MAE PUEM RESERVOIR AT MAE PUEM NATIONAL PARK, PHAYAO

Nestled in Phayao Province, Mae Puem National Park has earned its reputation as a renowned tourist destination, celebrated for its remarkable ecological and environmental features. At its heart lies the captivating Mae Puem Reservoir, spanning 5,100 rai (2,040 acres), embraced by rolling hills and diverse ecosystems, including deciduous and mixed forests. The park proudly introduces the “Phor Chai Skywalk View,” an extensive elevated walkway gracefully extending over the water, offering a mesmerizing 360-degree panoramic view, particularly towards the western horizon—a haven for avid birdwatchers. On the eastern side, the forest provides unique opportunities for wildlife observation, where glimpses of barking deer, deer, and Eld’s deer await keen observers. Visitors can enjoy kayaking, bamboo rafting, swimming, cycling, nature trails, and camping amidst serene landscapes.

## PHU HIN RONG KLA NATIONAL PARK, PHITSANULOK

Phu Hin Rong Kla National Park, Thailand's 48th park and 14th in the north, spans 307 square kilometers. It holds a historic legacy, marked by prolonged battles between the Thai military and Communist insurgents. The park honors Thai soldiers' bravery and preserves historical structures from the former Communist stronghold. The climate stays cool year-round, with winter temperatures ranging from 0-4 degrees Celsius, comfortably cool in summer, and 18-25 degrees Celsius during the rainy season. Key sites in the park include the former operational bases of the Communist Party of Thailand: the Military and Political School, Command and Control Center, Living Quarters, and Medical Facilities. Nature's beauty is showcased through attractions such as Lan Hin Taek (cracked rock formation), Lan Hin Pum (ball-like rock formation), Victory Cliff, Man Daeng Waterfall, and Rom Klao-Pharadon Waterfall.

## PHON RANG HOTSPRING, RANONG

Phon Rang Hot Spring is nestled within Namtok Ngao National Park in Ranong province. This natural wonder is a hot spring that bubbles up from the earth, creating a broad pool with a temperature ranging from approximately 35-40 degrees Celsius. The water is crystal clear, odorless, and enriched with beneficial minerals. Beyond providing a serene and beautiful hot spring experience, the warm water possesses chemical and physical properties suitable for various medical treatments. Aside from immersing in the natural hot spring, visitors can explore the thoughtfully designed surrounding area. The facilities are created to cater to tourists while respecting and preserving the untouched landscape. Natural pools are available for swimming, ensuring minimal impact on the environment and maintaining the unique characteristics of this hot spring attraction.

## PHU KRADUENG NATIONAL PARK

Phu Kradueng National Park in Loei province features a mesa, a flat-topped mountain, with a plateau resembling “elephant ear leaves or a heart.” From the mountain, waterfalls cascade into streams, feeding the Phong River flowing into Ubolratana Dam. Elevations range from 400 to 1,200 meters, with the highest point in the Khok Moei Point reaching an altitude of 1,316 meters. The landscape boasts diverse flora, various wildlife species, cliffs, grassy fields, streams, and waterfalls. Serving as a vital water source for the northeastern region, it contributes to the important Phong River. Phu Kradueng’s cool climate, dropping to 0 degrees Celsius in winter, attracts tourists seeking to conquer its summit at least once in their lives.

## KHAO PHRA WIHAN NATIONAL PARK, SI SA KET

Khao Phra Wihan National Park, the 19th in the northeast and 83rd in Thailand, spans 130 square kilometers (81,250 rai or 32500 acres). Located across Kantharalak district in Si Sa Ket province, Nam Khun and Nam Yuen districts in Ubon Ratchathani province, it straddles the Phanom Dong Rak mountain range, delineating the border between Thailand and Cambodia. The terrain showcases mixed deciduous forests, high plains, and hills with elevations ranging from 200 to 500 meters above sea level. The park features scenic landscapes like Pha Mor E-Daeng Cliff and Traw Reservoir's forest and rock gardens. Notable attractions include Tham Rue Si (Hermit Cave), the stone-cutting site, Twin Stupas, low relief carvings beneath Pha Mor E-Daeng Cliff, Don Tuan Khmer Ruins, and the historically significant Phrasat Khao Phra Wihan Temple.

## PANG SIDA NATIONAL PARK, SA KAEO

Pang Sida National Park in Sa Kaeo province is renowned for its rich natural beauty, diverse flora, wildlife, and captivating landscapes. The terrain unfolds with intricate high mountains adorned by various vegetation types, including evergreen, dry evergreen, hill evergreen forests, mixed deciduous forests, and expansive grasslands. The diverse ecosystem supports forestry and wildlife preservation and research, making the park a haven for many species. Noteworthy attractions for travelers include Pang Sida Waterfall, Pha Ta Khian Waterfall, Khaew Ma Kha Cascade, Km.25 Viewpoints, and the Chedi-like Rock Formation. It's a hotspot for birdwatching and butterfly enthusiasts, with trails like "Hua Chai Dong Phaya Yen" for nature lovers. The park provides accommodation options for a tranquil retreat, including houses and camping grounds.

## PHA TAEM NATIONAL PARK, UBON RATCHATHANI

Pha Taem National Park, located in the easternmost part of Thailand, offers the country's first sunrise viewpoint. The park is situated in Ubon Ratchathani province, and spans approximately 340 square kilometers, covering areas in Khong Chiam, Si Mueang Mai, and Pho Sai districts. Pha Taem National Park features diverse and abundant wildlife, along with natural attractions such as Pha Chan Cliff, Soi Sawan Waterfall, Sao Chaliang Sandstone Pillar, Tham Patihan Cave, and Phu Na Tham. Additionally, ancient cave paintings, dating back 3,000-4,000 years, have been discovered in areas like Pha Kham, Pha Taem, Pha Jek, and Pha Moei cliffs. Notably, it holds the distinction of being Thailand's first national park along the Mekong River, serving as a natural border between Thailand and Laos.

## LOCAL WISDOM OF BAAN BAI BOON, CHIANG MAI

The Local Wisdom Of Baan Bai Boon serves as a historical and cultural learning center, spanning historical periods from the Tai Lue Kingdom of Sipsong Panna to the Lanna Kingdom, the Kingdom of Siam, and Thailand during the reign of King Rama VII. It portrays the life histories of Tai Lue ancestors and their cultural heritage. By preserving the cultural context of traditional Tai Lue houses, which include rice stored in granaries, traditional mortar and pestles for pounding rice in the storage area, and a house with twin gables, the center stands as a testament to tradition. Notably, local wisdom teachers in the village inherit and pass on the Tai Lue way of life within the community.

## DARAPHIROM PALACE MUSEUM, CHIANG MAI

The Daraphirom Palace Museum was originally the residence of Her Highness Princess Dara Rasmi, the princess consort of King Chulalongkorn (Rama V). Built around 1927, the palace is now approximately 96 years old, boasting sturdy and well-preserved structures. It represents a blend of European and Lanna architectural styles. The princess had an experimental garden to support the region's agriculture, called "Suan Chao Sabai," which is now renovated as a mixed garden featuring trees and roses sent to the princess by The Royal National Rose Society (RNSS), including a large, fragrant, showy pink rose which she named "Chulalongkorn" in honor of the King.

## LANNA ARCHITECTURE CENTER (KHUM MUSEUM), CHIANG MAI

The “Khum Chao” or “Palace” of the Northern royal family isn’t the official residence of the ruler, Chao Luang. Khum Chao Burirat (Prince Burirat’s mansion), the sole surviving palace in Chiang Mai, has graced the heart of the city for over 130 years. Surrounded by numerous historical sites, temples, and landmarks, it showcases a remarkable fusion of Western and Lanna architectural styles, reflecting the early days of Chiang Mai’s architectural evolution. With its authentic design, craftsmanship, materials, and location, the palace serves as a symbol of the city’s rich history. Its serene interior evokes a bygone era, making it a captivating destination for history and culture enthusiasts.

## SOCIAL ENTERPRISE IN TOURISM FOR CHIANG SAEN COMMUNITY, CHIANG RAI

The Social Enterprise in Tourism for the Chiang Saen Community showcases local wisdom through various historically and culturally enriching activities. The two main activities include:

1. The Taksa Hora activity: Astrologers, utilizing ancient Chiang Saen astrological knowledge, assess visitors' astrology based on their names and birthdates. They then consult the city's astrology to determine an auspicious cardinal direction that will enhance one's destiny. Visitors can subsequently make merit by offering prayers at the pagoda in the designated auspicious direction of the city, aligning with their astrology to attract luck.
2. Loy Sapao activity: Visitors learn to craft Sapao (boats) from natural materials and adorn them with local snacks. They then float these tiny boats down the Mekong River to pay homage to their deceased ancestors and promote peace among participants.

## BAN THUNG PRADU COMMUNITY ENTERPRISES TOURISM, PRACHUAP KHIRI KHAN

The Ban Thung Pradu community utilizes community-based tourism to conserve and sustain its way of life, leveraging local wisdom in natural sand bath therapy. It has established a health-oriented tourism route called "Sand & Sea Therapy," where visitors immerse themselves in warm sand, unwind to the sound of waves, and feel the cool sea breeze at Thung Pradu Beach. They can then enjoy refreshing Nok Khum coconut water, which helps balance their bodies and calm their minds amidst the natural serenity. Additionally, they can savor safe, fresh seafood from Thung Pradu's sea and the community's agricultural gardens, promoting both physical and mental well-being.

## BANN RAI KRANG COMMUNITY TOURISM, PHETCHABURI

The Bann Rai Krang community revolves around the toddy palm, rich in the wisdom of traditional palm sugar production. Understanding the toddy palm's life cycle, the community strives to conserve these trees, preserve local wisdom, and sustain their way of life for future generations. Amidst picturesque landscapes of rice fields, toddy palm orchards, mountains, and rivers, visitors are warmly welcomed. They can engage in the traditional palm sugar-making process, savor renowned local dishes, and partake in creative tourism activities such as making Yum Hua Node (spicy young toddy palm fruit salad). Visitors embrace the local culture, relishing the community's warm hospitality.

## PHU LOM LO KOK SA THON, LOEI

Phu Lom Lo Kok Sa Thon is a historical community renowned for its scenic beauty, nestled amidst towering mountains. Brimming with captivating stories and natural wonders, this small community offers a delightful escape. Along the hillside, visitors can behold the blooming Wild Himalayan Cherry, locally known as "Nang Phaya Suea Khrong," and "Thai Sakura," painting a romantic pink panorama. This picturesque landscape beckons tourists to immerse themselves and explore its charms. Beneath the surface lies an archaeological site where ancient fossils, including carnivorous dinosaur footprints, unveil the area's geological significance. Be sure to visit the community's ginger plantation, celebrated for its high-quality ginger that captivates all who encounter it.

## BANG KOBUA COMMUNITY-BASED TOURISM CLUB, SAMUT PRAKAN

The Bang Kobua community perfectly captures the essence of authentic Thai living centered around agriculture. It warmly welcomes visitors seeking a taste of traditional Thai life through tourism. The serene atmosphere of the community attracts tourists, while carefully designed community-based tourism routes showcase the area's uniqueness and promote eco-friendly practices, with carbon neutrality in mind. Exciting activities such as paddling along the canal, exploring the Nipa Palm Tunnel, and listening to community legends await. Feel the charm of traditional house settlements, enjoy the calm canal views, embrace a slower pace of life, and join in the joy of enchanting boat parades accompanied by rhythmic barge-rowing songs.

## BAN LAEM SUPHAN COMMUNITY - PHAI TA PHUT HOMESTAY, SUPHANBURI

Nestled along both banks of the Suphanburi River, spanning approximately 5 kilometers, the Thailand Tourism Award-winning Ban Laem Suphan Community derives its name from its expansive reach. Since ancient times, its way of life has been intimately intertwined with the river, as if sharing the same breath of air. Acting as a vibrant cultural center, it offers a window into the region's rich tapestry of culture, traditions, history, and river-based livelihoods. Visitors can embark on boat trips, pause at dining spots, and explore legendary temples featured in King Rama V's private journeys. They can also delve into the evocative settings depicted in "My Departure for Suphan: A Poem by Sunthorn Phu" (Nirad Suphan) while learning about the area's riverside communities.

The nipa leaves roof at the entrance gate, adding a touch of local charm, leads to the Shino-Portuguese-styled spa, an iconic architectural style in Phuket. Cat's Claw Creeper's yellow flowers on the roof create a seamless connection with nature. Cotton rose hibiscus-patterned floor tiles and motifs in the reception area echo Phuket's essence. Treatment rooms feature Shino-Portuguese-style tiles, and Pha Khao Ma (Thai kamar band) patterned bathroom amenities enhance the luxurious experience. Immerse yourself in the tranquil ambiance, complete with the sound of the waterfall during treatments—an indulgent escape perfectly captured.

## WANG KROD OLD DISTRICT COMMUNITY, PHICHIT

Nestled along the meandering Nan River, Wang Krod Old District Community, known as the 'Dragon Belly Community of the Nan River,' is a Thai-Chinese enclave steeped in a century-old history. Renowned for its auspicious feng shui, this area symbolizes prosperity. Once a swamp named "Ban Tha E Tao," now adorned with a clock tower, it was inhabited by turtles symbolizing longevity. Established pre-World War II, the community thrived, preserving its culture. Japanese soldiers' boat docking during the war led to underground bunker construction. Explore the Ban Luang Pratheung Kadi Museum and Jek Meng House to discover the preserved underground bunker. Witness a blend of history, tradition, and resilience in this thriving community.
